IUSTI EUROPE

“Past Experience
- Future Lessons”

PRELIMINARY PROGRAMME

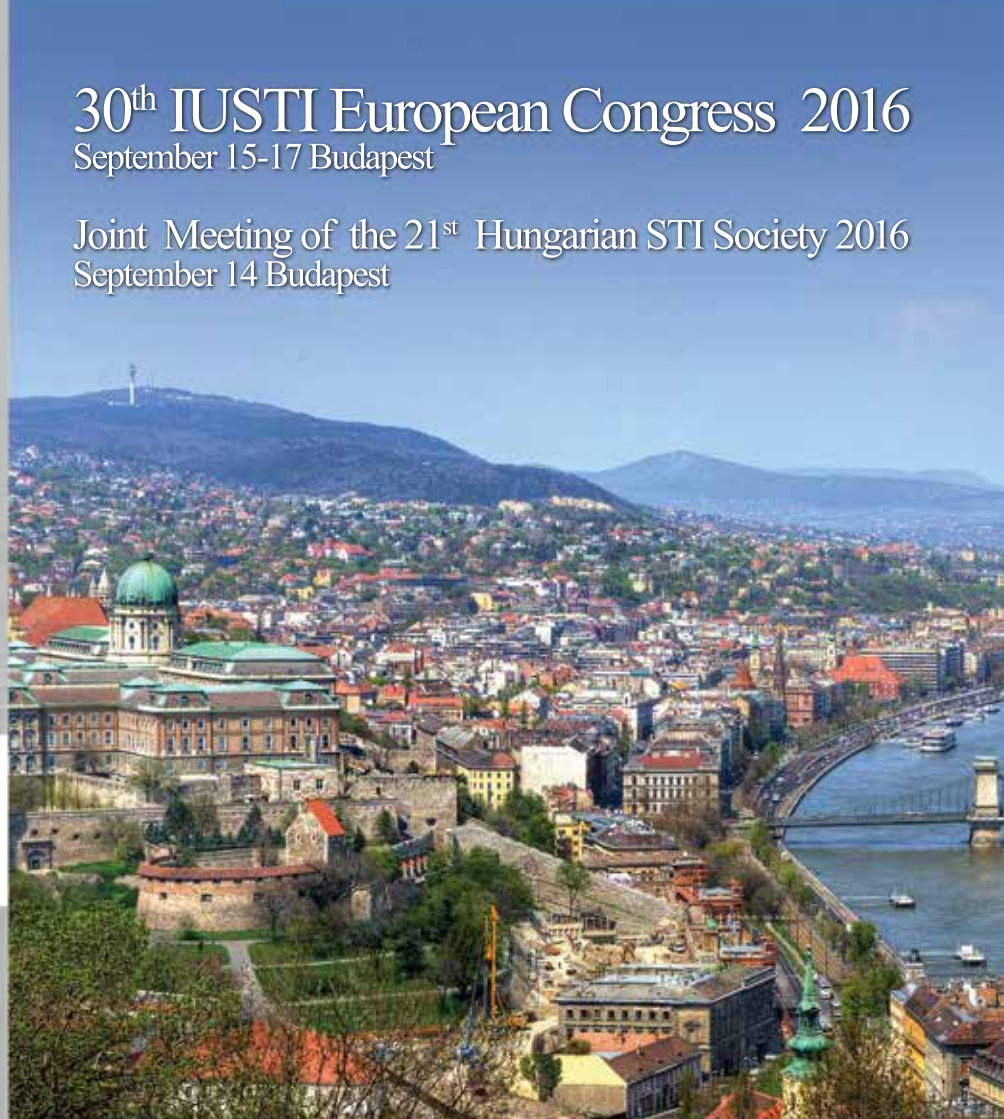

2016 BUDAPEST
HUNGARY

WWW.IUSTI2016.ORG

30th IUSTI European Congress 2016
September 15-17 Budapest

Joint Meeting of the 21st Hungarian STI Society 2016
September 14 Budapest

THURSDAY 15 SEPTEMBER, 2016

TIME	ROOM 1	ROOM 2	ROOM 3
18.00 - 20.00	OPENING AND KEYNOTE LECTURES		
	Opening Address Viktória Várkonyi		
	Past experience, future lessons Michael Waugh Influence of sexually transmitted infections on the male sexuality and fertility Zsolt Kopa		

FRIDAY 16 SEPTEMBER, 2016

TIME	ROOM 1	ROOM 2	ROOM 3
08.30 - 10.00	SYMPOSIUM 1 GENITAL DERMATOLOGY IN STI PRACTICE Chairs: Willem van der Meijden, Eva Remyenyik	WORKSHOP 1 THE CHALLENGE OF ANTIBIOTIC RESISTANCE (GC, CT, MG) Chairs: Magnus Unemo, Jorgen Skov Jensen, Ákos Tóth	FREE PAPERS 1 Chairs: János Szlávik, Derek Freedman
	Unusual, sex-related anogenital skin manifestations Willem van der Meijden Syphilis of the genitalia: a clinical challenge Michel Janier Penile lichen sclerosus: a benign disease? Peter Nyirady Excellent results of wide margin dermato-surgical excision of acne inversa/hidradenitis suppurativa lesions Peter Kohl Allergic symptoms at the genital skin: differential diagnostic considerations Eva Remyenyik	Resistance in N. gonorrhoeae continues to challenge the treatment of gonorrhoea Magnus Unemo Multidrug resistant Mycoplasma genitalium – what to do? Jörgen Skov Jensen Antimicrobial resistance in C. trachomatis and treatment of chlamydial infections John White Discussion	STI/HIV Stigma: Psychosocial Impediment to Sexual Health Marie Chollier, Ingrid Geray Criminalisation of STIs and HIV Transmission: A European Overview. Ingrid Geray, Marie Chollier Research in innovative international training: Small Private Online Course (SPOC) on sexual health and human rights Thierry Troussier Dhat syndrome: a new challenge for Western medicine. Aldo Morrone

TIME	ROOM 1	ROOM 2	ROOM 3
			<p>Chancroid – a rare disease in Europe. Would recent migration flows change the epidemiology in the EU/ EEA?</p> <p>Otilia Mardh</p> <p>Changing trends in the epidemiology of HIV in Turkey</p> <p>Fatma Şebnem Erdiñç</p> <p>Donovanosis in migrants</p> <p>Aldo Morrone</p> <p>Increases in HIV and syphilis among migrant men who have sex with men in Ireland</p> <p>Eve Robinson</p>
10.00 - 10.20	COFFEE BREAK AND POSTER VIEWING		
10.20 - 11.50	<p>PLENARY 1</p> <p>Chairs: Michael Skerlev, Károly Nagy</p> <p>The link between female prostitution, drugs and STI</p> <p>Peter Greenhouse</p> <p>Lymphogranuloma venereum, an ongoing epidemic in Western society</p> <p>Henry de Vries</p> <p>Migration and STI: Myths and reality</p> <p>Massimo Giuliani</p>		
11.50 - 12.35	<p>COMPANY SYMPOSIUM: ROCHE DIAGNOSTICS INTERNATIONAL LTD.</p> <p>Chairs: TBA</p> <p>Diagnosis of Syphilis today</p> <p>Marco Cusini</p> <p>Challenges in the laboratory diagnosis of Syphilis</p> <p>Michel Janier</p>		
12.35 - 13.00	LUNCH		

TIME	ROOM 1	ROOM 2	ROOM 3
13.00 - 13.30	<p>WHO SYMPOSIUM Moderators: Igor Toskin, Otilia Mardh, Massimo Mirandola</p>	<p>COMPANY SYMPOSIUM: SPEEDX PTY LTD. Rapid molecular testing for antibiotic resistance and the impact on patient management Elisa Mokany</p>	<p>LUNCH</p>
13.30 - 15.00	<p>Advancing STI prevention in key populations through behaviour change interventions: opportunities, challenges and way forward Igor Toskin SIALON II – A multi-country integrated bio-behavioural survey in MSM:</p> <ul style="list-style-type: none"> • Overview - main results Massimo Mirandola, Barbara Suligoi, Lorenzo Gios and the Sialon II network • Epidemiology of syphilis, HIV and viral hepatitis among MSM in Europe Massimo Mirandola, Barbara Suligoi, Lorenzo Gios and the Sialon II network • Sexual competency as an indicator of sexual health in a bio-behavioural survey – intermediate results Karel Blondeel, Lorenzo Gios and the Sialon II network <p>Providing HIV prevention and care to male couples: a dyadic approach to risk reduction Rob Stephenson Development and specification of an intervention to increase condom use amongst young people accessing chlamydia self-testing websites Katie Newbay The context of sexual health in France and new strategies against STIs, in perspective of Human Rights Thierry Troussier <i>Panel discussion among presenters: strengthening STI prevention through promotion of sexual health and evidence based behaviour change interventions.</i></p>	<p>FREE PAPERS 2 Chairs: Péter Tenke, Marco Potocnik</p> <p>Clinical Performance of the BD MAX™ Vaginal Panel for the Diagnosis of Vaginitis Charlotte A. Gaydos Human papillomavirus (HPV) vaccination in young men who have sex with men (MSM) in the UK. An online survey of attitudes, intentions and opinions among MSM offered vaccination within integrated sexual health services. John McSorley Regulation of cell cycle and antiproliferative effect of a natural flavanone: hesperetin Kazunori Yoshimura Viability-PCR shows that NAAT detects a high proportion of DNA from non-viable Chlamydia trachomatis Petra Wolffs The test performance and clinical utility of urethral microscopy for diagnosing gonorrhoea in men in the era of the NAAT Keith Radcliffe Validation of Copan eNAT™ Medium for the short and long term storage of self-collected versus clinician-collected vaginal samples using FLOQSwabs for molecular cellularity and HPV nucleic acids detection Clementina Cocuzza Human papillomavirus (HPV) vaccination and STI screening in men who have sex with men (MSM). Clinical outcomes and factors associated with completion of a three dose schedule within one year in a clinical cohort. John McSorley Direct and specific detection of Neisseria gonorrhoeae ciprofloxacin susceptibility—towards individualised treatment Ella Trembizki, David Whiley</p>	<p>SYMPOSIUM 2 EXTRAGENITAL SEX AND STI Chairs: Stefano Ramoni, Eva Csatar</p> <p>Extragenital manifestations of syphilis Michel Janier Oral sex and STIs Sergio Delmonte The importance of the high resolution anoscop (HRA) in the HPV caused anal diseases Karel Skala Anal infections caused by bacteria, diagnostic traps Eva Csatar</p>

TIME	ROOM 1	ROOM 2	ROOM 3
15.00 - 15.30	COFFEE BREAK AND POSTER VIEWING		
15.30 - 17.00	<p>SYMPOSIUM 3 PAST EXPERIENCE AND FUTURE LESSONS FOR PREVENTION OF HIV TRANSMISSION Chairs: Deniz Gokengin, Károly Nagy</p>	<p>WORKSHOP 3 STI IN EASTERN EUROPE Chairs: Airi Pöder, Mikhail Gomberg, Marko Potocnik</p>	<p>WORKSHOP 4 HEPATITIS ABC Chairs: Thys van der Laar, Ágnes Csohán, Mária Takács</p>
	<p>Past experience and future lessons of HIV surveillance in Hungary: the contribution of advanced molecular virology Károly Nagy Brief history of prevention work - Achievements and pitfalls Eleanor Hamlyn Moving targets - Challenges for behavioural surveillance for HIV/STI prevention in Europe Ulrick Marcus PrEP - what lies ahead Mags Portman PrEP - what lies ahead Greg Owen</p>	<p>STI in Russia: trends over the last decades Mikhail Gomberg STIs in the territories of the former Yugoslavia Marko Potočnik Opportunities and barriers of HPV vaccination in East-ern and Central Europe Mihael Skerlev HIV infection in Eastern Europe Airi Pöder Discussion</p>	<p>Hepatitis B and C in the Netherlands - the Dutch approach Anouk Urbanus Outbreaks of Hepatitis A among MSM in Hungary Andrea Hettmann Outbreaks of Hepatitis A among MSM in Hungary Paulius Gradeckas The challenges of fighting hepatitis in Europe Lara Tavoschi</p>
17.00 - 17.30	COFFEE BREAK AND POSTER VIEWING		
17.30 - 18.00	<p>COMPANY SYMPOSIUM: SYNLAB HUNGARY Chair: András Fogarassy</p>		
	<p>Comprehensive STI and HPV screening in the Synlab Genoid high-throughput molecular laboratory - new self-sampling HPV test HPV self-sampling: a new evidence-based tool for better coverage in cervical cancer prevention Márta Benczik Cost-effective, simultaneous molecular detection of STI infectious agents Márta Benczik</p>		
18.00 - 18.20	<p>COMPANY SYMPOSIUM: JANSSEN-CILAG Chair: TBA</p>		
	<p>HIV/AIDS in Hungary. Current status and treatment considerations János Szlávik</p>		

TIME	ROOM 1	ROOM 2	ROOM 3
08.30 - 10.00	<p>SYMPOSIUM 4 STI DIAGNOSTIC, NEW TESTS, NEW OPPORTUNITIES Chairs: Claudia Heller-Vitouch, Peter Kohl</p>	<p>WORKSHOP 5 STI AND PREGNANCY Chairs: Gilbert Donders, Eszter Balla</p>	<p>WORKSHOP 2 URETHRITIS AND COMPLICATION Chairs: Harald Moi, Magdolna Gaál, Péter Tenke</p>
	<p>Good laboratory practice and new approaches for the diagnosis of gonorrhoea? Susanne Buder Quality in the STD laboratory: How to introduce new ideas and new tests Kai Jöers New Diagnostic Opportunities for Enhancing Detection of STIs: Time to Upgrade Charlotte Gaydos The utility of near-patient molecular diagnostics in sexual health clinics Michael Rayment</p>	<p>Is Chlamydia a pathogen in pregnancy? (adult infection) István Sziller Is Chlamydia a pathogen in pregnancy (neonatal infection) Eszter Balla Prevention of congenital syphilis in Europe anno 2016 Peter Greenhouse Vaginitis and preterm birth Gilbert Donders</p>	<p>Syndromic treatment of urethritis Patrick Horner Pathogenesis of Ureaplasmas Amie Moghaddam Is there any connection between urethritis and prostatitis Péter Tenke Urethritis and infertility Tomasso Cai Microscopy for the diagnosis of gonorrhoea Magdolna Gaál</p>
10.00 - 10.30	COFFEE BREAK AND POSTER VIEWING		
10.30 - 12.00	<p>PLENARY 2 Chairs: Attila Horváth, Angelika Stary</p>		
	<p>Syphilis update 2016 Helmut Schöfer Update in HIV epidemiology and treatment in Europe 2016 Norbert Brockmeyer The role of the physical examination in the STI clinic Patrick Horner</p>		
12.00 - 12.45	<p>INDEPENDENT MEDICAL EDUCATION SESSION : ARMADILLO MEDICAL Chairs: Santiago Moreno, Mark Nelson</p>		
	<p>Modern ART Initial Success (New strategies for improving the success of first treatment) Santiago Moreno Durable success (New strategies for maintaining long-term success) Mark Nelson This educational activity is supported by an educational grant from ViiV Healthcare</p>		

TIME	ROOM 1	ROOM 2	ROOM 3
12.50 - 13.30	<p>FREE PAPERS 3 Chairs: Timea Tisza, Stefano Ramoni</p> <p>The risk for sexually transmitted infections among women engaging in same-sex sexual behaviour compared to women with exclusively heterosexual behaviour. A retrospective study among women attending a Norwegian STI clinic from 2004-2014 Sol-Britt Molin</p> <p>Partner notification and partner treatment for chlamydia: attitude and practice of general practitioners in the Netherlands. Ingrid Van Den Broek</p> <p>Acceptability and outcomes of digital ano-rectal examination (DARE) as a screening method for anal cancer in HIV positive men who have sex with men (MSM) managed in a UK Sexual Health service Tamara Lewis</p> <p>Is the management of gonorrhoea the same across Europe? A service evaluation for and on behalf of the European Clinical Collaborative Group (ECCG). Hibak Aadan</p>	<p>FREE PAPERS 4 Chairs: Magdolna Gaál, Claudia Heller-Vitouch</p> <p>Genital and anorectal Chlamydia trachomatis load in women with a concurrent infection Geneviève van Liere</p> <p>How Common is Rectal Chlamydia trachomatis Infection in Women? A Systematic Review, 1997 to 2015. Nastassya L. Chandra</p> <p>Spontaneous clearance of urogenital and anorectal Chlamydia trachomatis infection is associated with lower bacterial load. Geneviève Afs Van Liere</p> <p>Concurrent STIs in sex partners notified for chlamydia: implications for Patient initiated partner therapy Hannelore Götz</p> <p>High proportion of anorectal Chlamydia trachomatis in STI clinic women after routine universal urogenital and anorectal screening Geneviève Afs Van Liere</p>	<p>FREE PAPERS 5 Chairs: John Scythes, Michel Janier</p> <p>Underdiagnosis of syphilis in HIV/AIDS John Scythes, Colman Jones</p> <p>Accelerating increase of syphilis in MSM in Germany Klaus Jansen, Viviane Bremer</p> <p>Increase of syphilis notifications in men-having-sex-with-men from Germany is associated with decline in condom use and increase of HIV status-knowledge-based risk management Ulrich Marcus</p> <p>HIV prevalence among patients with Sexually Transmitted Infections (STI) in Italy, 1991-2014 Barbara Suligo</p> <p>The epidemic of syphilis in Barcelona: comparison of cases according to HIV coinfection and previous history syphilis Marti Vall Mayans</p>
13.30 - 14.00	GENERAL ASSMEBLY	LUNCH	
14.00 - 15.30	<p>SYMPOSIUM 5 ORGANIZED BY ECDC ON STI CONTROL AT A EUROPEAN LEVEL FOCUS ON YOUNG PEOPLE Chairs: Raj Patel, Gianfranco Spiteri</p> <p>Epidemiology of HIV and sexually transmitted infections among young people in Europe Alison Bruce</p> <p>Sexual risk behaviour among youth in France Delphine Rahib</p> <p>Prevention and control of sexually transmitted infections among youth in Sweden Anna-ChuChu Schindele</p>	<p>WORKSHOP 6 PARTNER NOTIFICATION IN EUROPE Chairs: Sorin Tiplica, Jackie Sherrard</p> <p>TBA Sorin Tiplica</p> <p>TBA Jackie Sherrard</p>	<p>FREE PAPERS 6 Chairs: Eija Hiltunen-Back, Luca Kormos</p> <p>Lipschütz ulcer Eija Hiltunen-Back</p> <p>Walk In Ruhr (WIR): a new supply structure for sexual health and medicine in Bochum Brockmeyer Norbert</p> <p>Mycoplasma genitalium and antibiotic resistance in Malta Valeska Padovese</p> <p>Mycoplasma genitalium (MG) an emerging STI with high levels of antibiotic resistance requires a sensitive qPCR test to detect MG and associated resistance Elisa Mokany</p>

TIME	ROOM 1	ROOM 2	ROOM 3
	<p>Engaging young people with sexual health through social and digital media Cary James, Terrence Higgins Trust</p> <p>Control policies for chlamydia among young adults in Europe Otilia Mårdh</p>	<p><i>By the end of the workshop you should understand the role of partner notification (PN) in different infections and be aware of the different methods with advantages and disadvantages. You will have considered how to implement PN and how to measure the effectiveness of it in practice.</i></p> <p><i>The workshop will consist of 2 short overviews of practical aspects followed by an interactive and practical session.</i></p>	<p>Managing Mycoplasma genitalium: are we doing enough? Nicolas Pinto-Sanders</p> <p>Neurosyphilis in HIV-infected patients - differential diagnostics Luca Kormos</p> <p>Syphilis in oro-anal localisation Brigitta Mező</p> <p>Prevalence of Chlamydia trachomatis in Italy: data from the Italian STI Surveillance System based on a network of microbiology laboratories Maria Cristina Salfa</p>
15.30 - 17.00	<p>SYMPOSIUM 6 VACCINATION ON STI Chairs: Georg Stary, Timea Tisza</p>	<p>WORKSHOP 7 MANAGEMENT OF SELECTED STI CASES Chairs: Stefan Lautenschlager, Angelika Stary</p>	<p>WORKSHOP 8 THE INFECTION OF THE FEMALE REPRODUCTIVE TRACT Chairs: Edit Urbán, Keith Radcliffe, Zsolt Melczer</p>
	<p>Eradication of HPV disease burden - fact or fiction? Jorma Paavonen</p> <p>Herpes simplex virus vaccine candidates Márta Csire</p> <p>Believes and misbelieves on HPV vaccination and the anti-vaccination movements Timea Tisza</p> <p>New concepts for mucosal vaccination - lessons we learn from Chlamydia trachomatis Georg Stary</p>	<p><i>The aim of the workshop is to present and discuss interactively various informative cases of sexually transmitted infections. The spectrum of diseases will cover bacterial, fungal, viral and parasitic infections. Diagnostic and therapeutic pitfalls will be highlighted and after each case presentation a summary of the recent literature will be provided.</i></p>	<p>Case report Edith Urbán</p> <p>Case report Gilbert Donders</p> <p>Case report Zsolt Melczer</p> <p><i>Chairs will take it in turn to present cases covering a range of clinical presentations and conditions affecting women. They will pause the case presentations at several points and question individual members of the audience about what they think and what they would do next.</i></p>
17.00 - 17.30	COFFEE BREAK AND POSTER VIEWING		
17.30 - 18.30	CLOSING CEREMONY, KEYNOTE LECTURES		
	<p>STI future directions Raj Patel</p> <p>In and out of scene: Zika virus and Haemophilus ducreyi Marti Vall Mayans</p>
